

- Founder of Clean Tuesday Hong Kong, Charles d’Haussy: Clean Tuesday worldwide, and Latest in low-power LED lighting solutions
- GreenTech Outpost HK’s CEO Steve Wong: Vertical Axis Wind Turbine Power Generation from Macau’s Roof Tops
- Macao’s University of St Joseph Professor of Intelligent Systems and Technology, Richard Whitfield: University’s new Green Campus

6 Sep 2011

- Founder of Clean Tuesday Hong Kong, Charles d’Haussy: Clean Tuesday worldwide, and Latest in low-power LED lighting solutions

- GreenTech Outpost HK’s CEO Steve Wong: Vertical Axis Wind Turbine Power Generation from Macau’s Roof Tops

- Macao’s University of St Joseph Professor of Intelligent Systems and Technology, Richard Whitfield: University’s new Green Campus

- Created in 2008, Cleantuesday is a non-profit organisation aiming to enhance clean technologies and eco-innovations.
- We started in 2010 in Hong Kong.
- Monthly networking events bring together entrepreneurs and actors of the Cleantech economy.
- We casually socialize players from the local CleanTech industry, such as:
 - Start ups
 - Large groups
 - Universities researchers,
 - Vcs
 - Service providers

Feel the Asia beat! Join us !
